The short answer is yes.....for the IHS Encounter rate (\$391) the client would need to meet all the eligibility requirements. What is the current LLOTP P+P manual for take home doses?

Just to verify that I am understanding this correctly. We can dispense 30 days at a time to the client and bill DHS the \$391.00 a day for the 30 days that were dispensed to the client for take homes.

Thank you for your time and patience I am still learning

MAT programs dispense a maximum of 30 doses at a given time. As such, the maximum you can bill at one time is 30 doses. Does that answer your question?

Hello,

Do you mean how many dispensed doses can you give at one time and bill for, e.g. six dispensed for six days, 14 dispensed for 14 days, 30 dispensed for 30 days, etc?

Subject: Question

[REDACTED]
I am wondering if you could answer a question. On how many take homes are allowed to be billed for at a time? We are currently able to bill for 6 days at a time. The reason is the program would like to follow the TIP 43 per SAMSHA best practices.

Any help is greatly appreciated. Thank you for your time.
